

**English**

**1. Homophones**

A homophone is a word that has the same pronunciation, but the words are spelt differently and have different meanings.

For example, 'meet' and 'meat'.

Can you make a list of other homophones? Your challenge is to think of 10!

**2. Synonyms**

Using a thesaurus, find the synonyms for these commonly used adjectives.

Remember, a synonym is a word which means the same, or nearly the same, as another word. For example, 'large' is a synonym of 'big'.

Your challenge is to see if you can write a sentence including these words.

- Beautiful
- Small
- Scary
- Happy
- Sad
- Hungry
- Hot
- Cold

**Maths**

### Materials detective!

Watch this video <https://www.youtube.com/watch?v=veUUii1U8-o>

Think of 4 different ways you can sort materials around the house.

You can use categories such as transparent, smooth, water resistant, bendy, opaque or any others you might know.

What will you do if a material fits into 2 of these categories?
