Phoenix Infant Academy's weekly newsletter

5th April 2019

Messages from the Headteacher:

Dear Parents/Carers,

Its been a week of lovely news with the publication of our OFSTED report and the successful appointment of my successor (see below,) whom I have to say I have absolute confidence in! Have a lovely Easter break with hopefully some better weather.

OFSTED Report:

You will have all now received your hard copies of the OFSTED report where we have now been defined as a 'Good' school. I hope you share our jubilation in this stamp of recognition which is the result of the pure determination, passion and dedication that my staff that has ensured your children reach their full potential. I think the staff have definitely deserved their break. Also it has to be said have the children, who the inspectors were very impressed with; and rightly so!

New Principal appointment (from Deborah Ajoze (CEO):

Baylis Court Trust are pleased to announce that Mrs. Pelazza has been appointed as the new Principal for Phoenix Infant Academy. Mrs. Pelazza played an integral role in moving the school forward to its current success and we are looking forward to the future successes that the school will achieve under her leadership.

Communication between parents

We have had a couple of incidences where parents have heard from their child that another child has been unkind to them and approached the other parents. Please do not do this. Report it to you childs class teacher so that we can investigate it properly. It is very embarrassing for parents and the child when we eventually do get to look into it and find out it was not true. Children can sometimes stretch the truth so let us investigate it without prejudice.

Kind regards,

Chicken Pox

I have never known so many cases of chicken pox in a school before. The Easter Break is the perfect opportunity to break the spread any further. If you do notice pox on your child please do isolate them to stop further infection.
